

CFC Belfast
4th Service Questionnaire
(Sunday 18th & Sunday 25th April 2010)

Brief Summary of Results

Introduction

The need for a 4th Service has become evident over the last number of months as numbers at all current services are steadily increasing with second service in particular not being able to accommodate people.

A survey was carried out by hard copy questionnaires being completed and returned at all 3 services on Sunday 18th and Sunday 25th April 2010.

The objective of the survey was to ascertain what time would serve best for the 4th service, which would in turn provide capacity at all 4 services for growth.

Results

The results of the survey are as follows:

09.00 (offering kids facilities)	74	12.6%
10:30 (offering kids facilities)	321	54.5%
12.15 (offering kids facilities)	77	13.1%
14.00 (offering kids facilities)	18	3.1%
16.00 (offering kids facilities)	11	1.9%
18.00 (no kids facilities)	74	12.6%
16.00 (family service; similar to Holy Week evenings & involving children)	14	2.4%
Total Number of Surveys Completed	589	100.0%

It is clear that for those currently attending CFC, the preferred time for attending church (from the options provided on the questionnaire) is the 10.30am service.

In light of this information let's continue to seek God to see how we can create greater capacity to facilitate further growth.
